# Professional Experience

---

## Siteimprove

Software Developer - *Copenhagen, Denmark | April 2019 - Present*

I'm currently working on a software developer oriented to web-platforms working with different challenges and technologies

*C#, React, JavaScript, TypeScript, CSS/SASS, Accesibility, API, gRPC, Oracle*

## Mono Solutions

Senior Full Stack Developer - *Copenhagen, Denmark | April 2017 - May 2019*

Worked as part of a full-stack team but with more focus on backend and infrastructure.

*PHP, JavaScript, VueJS, CSS/SASS, HTML5, Amazon Web Services, API, Continuous Integration, TypeScript, MySQL/MariaDB, Redis, Unit Testing.*

## Serious Games Interactive

Full Stack Developer - *Copenhagen, Denmark | April 2016 - February 2017*

I worked as a Video Game Developer, focus on educational games for websites. Both Frontend and Backend development.

*PHP, Yii, JavaScript, TypeScript, Phaser, Ionic, jQuery, API*

## Gesto

Backend and DevOps - *Córdoba, Argentina | January 2014 - March 2016*

As a main Backend Developer in the startup, I was in charge of developing APIs and Infrastructure.

*Python, Flask, Amazon Web Services, API, Continuous Integration, Unit Testing, MySQL*

## **Olapic**

Backend Engineer - *Córdoba, Argentina | June 2014 - March 2016*

In Olapic, a visual commerce platform, I was part of the Backend Team working mostly with API, integrations between services and Data Analysis

*PHP, Python, Amazon Web Services, MySQL, Redis, API, XML, JSON, CSV*

## **Globant**

Frontend and Perl Developer - *Córdoba, Argentina | May 2013 - May 2014*

My first role was Frontend UI working for a financial entity and the second role was as Perl developer working for a South American airline.

*JavaScript, HTML5, CSS3, SASS, Perl*

## **Flexxus SA**

Delphi Developer - *Córdoba, Argentina | August 2009 - May 2014*

Maintain and develop an ERP software developed with Delphi focus on SMBs.

*Delphi, Firebird, Databases*

## **Famar Fueguina**

IT Support and SysAdmin - *Tierra del Fuego, Argentina | March 2006 - July 2009*

In charge of hardware maintenance and on-site IT support at first and also in charge of Windows Server and Debian server administration.

*ISS, Active Directory, WSUS, Squid Proxy, Nagios and MS-SQL Server.*

## **Municipality of Río Grande**

IT Support - *Tierra del Fuego, Argentina | March 2004 - March 2006*

IT support to the government of the city with more than 300 users in different areas.
